

Cooking a better life

Since 1994, we have offered the highest quality food globally, providing our clients and consumers with a solid and wide range of products guaranteed to be sourced through sustainable practices.

Unmatched Freshness, Unbeatable Quality

Vima Foods is an international group dedicated to the storage, distribution, and commercialization of frozen, refrigerated, and dry foods. We offer a large portfolio that covers all food families, ensuring a global offering and stable supply.

We provide a wide range of services such as logistical support, quality control, brand development, and marketing strategies adapted to current trends.

Our identity centers on our dedication to delivering the highest quality and excellent service to our clients and consumers, always maintaining our commitment to sustainability and social responsibility, pillars of our vision and mission.

We source products from more than 40 countries across 4 continents, ensuring a broad and diverse selection.

We operate in more than 15 countries, which proves extensive experience in diverse markets.

We offer more than 1,000 SKUs in different categories, providing a wide range of options to meet the unique needs of our clients.

At Vima Foods, quality is the fundamental pillar that drives all of our operations. Therefore, we hold quality certifications that support our commitment to excellence at every stage of production. From the meticulous selection of ingredients to rigorous manufacturing processes, these certifications are evidence of our effort to exceed standards and ensure the satisfaction of all our customers. At Vima Foods, quality is more than a goal: it is a guarantee.

ISO 9001 (2015)

Standard that demonstrates the ability to consistently provide products and services that meet customer and regulatory requirements.

ISO 28001

Standard for security management in the supply chain. It proves the ability to implement measures that protect against security risks and threats in the transportation and storage of goods.

MSC-C-57937

Fishing certification that recognizes and rewards sustainable fishing practices.

ACS-C-02755

Certification that rewards responsible agriculture through the ASC program.

AEO: AUTHORIZED ECONOMIC OPERATOR

Recognition granted by the General Directorate of Customs to a company that demonstrates its commitment to the highest standards.

BAP

Global standard that ensures sustainable and responsible aquaculture practices.

BASC

International standard that promotes security in the supply chain and risk management in trade.
